A LUXURY  
YOU MOST CERTAINLY DESERVE

LUSCENCE  
by HANSA Technology

SUPERIOR HYGIENIC CLEANSING

Warm water sprays to cleanse.  
<Both spray strength and water temperature are adjustable.>

Warm air blows to dry.  
<The air temperature is adjustable.>

For your safety, all heated elements -water spray, seat heater and dryer air- are continuously monitored by precise temperature sensors.

DUAL NOZZLES CLEANSE WITH COMFORT

Posterior Wash

Feminine Wash

LUSCENCE features two nozzles: one for posterior cleansing, one for feminine cleansing.

The self-cleaning function automatically cleans the nozzle after each use. Self-cleaning can also be done anytime with the simple press of a button.

HIGH COMPATIBILITY WITH VARIOUS TOILET BOWLS

LUSCENCE can be installed upon most toilet bowls including luxurious one-piece ones.

REMOTE CONTROLLED CONVENIENCE

LUSCENCE allows you to lead a more hygienic, comfortable, and naturally healthy life. You will find yourself with feelings that you have never experienced before. A luxury, indeed, but one you most certainly deserve.

All operating functions are controlled from a wireless remote panel that can be easily mounted to the wall.
