Jasmin Shown on Carolina Toilet

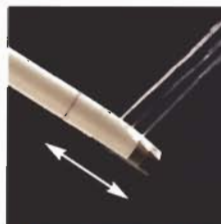

Pamper yourself with Jasmin's gentle aerated front and rear warm water cleansing feature. Activated by a convenient remote control, the Jasmin allows you to adjust the water temperature, water pressure, and the direction of the gentle aerated stream. The massage feature uses a gentle cycling action that alternates between front and rear washing for unparalleled comfort.

Follow cleansing with a touch of a button for a mild air dry that can be adjusted to three temperatures. All the while you are able to relax on an inviting heated seat that can also be adjusted to the warmth you prefer.

Jasmin has a catalytic deodorizing fan system that quickly eliminates

toilet odor. And, with its **SoftClose** seat made of antibacterial plastics, you reduce injury, and eliminate annoying "toilet seat slam."

Jasmin is designed for elongated and round toilet bowls and its features are easy to install and clean.
